

House points

We are very excited to introduce a House point system. Every child in the school has been placed in a House group; Red, Green, Blue or Yellow. This is a fantastic way of continuing to develop a school community that is united in following our school values and encourage all the children to work together, being positive, respectful and kind pupils.

The House points system supports our current reward system of giving merits and stickers. House points are a way in which merits are combined to make a school total, recognising not only hard work and achievement but also rewarding children who are seen in be following our values and being good role models.

Each house has a House Captain and a Vice House Captain. These children are excellent role models and will be responsible for promoting positive values, team spirit and community connections.

House Captains and Vice Captains;

Red Max & Jessie

Yellow Ayesha & Mary Beth

Blue Bailey & Beulah

Green Ewan & Polly

Every Friday House points will be collected. These will be added to the House running total and announced in assembly on a Monday.

At the end on a half term, the winning House team will have a treat or reward (extra playtime, picnic etc...to be decided each half term)

We are looking forward seeing all our children rise to the challenge and work hard to earn House points for their team.
